Daniel M. Press <i>Santa Cruz</i>	Public	09/30/2004
Marco L. Rizzo <i>San Luis Obispo</i>	Industrial Water Use	09/30/2004

CONDUCT OF MEETING

- A - The primary duty of the Regional Board is to protect the quality of waters within the Region for all beneficial uses. This duty is implemented by formulating and adopting water quality plans for specific ground or surface water basins and by prescribing and enforcing requirements on all domestic and industrial waste discharges. Specific responsibilities and procedures of the Regional Water Quality Control Boards and the State Water Resources Control Board are outlined in the Porter-Cologne Water Quality Act (Division 7), California Water Code.
- B - The purpose of the meeting is for the Board to obtain testimony and information from concerned and affected parties and make decisions after considering the recommendations made by the Executive Officer. The Board will vote only on matters listed on the agenda. The Board may give direction to the Executive Officer on any matter discussed during the meeting.
- C - Agenda items are numbered for identification purposes and will not necessarily be considered in the order listed.
- D - The Board and staff welcome information on pertinent problems, but comments at the meeting should be brief and directed to specifics of the case to enable the Board to take the appropriate action. Whenever possible, lengthy testimony should be presented to the Board in writing and only a summary of pertinent points presented verbally. In order to give everyone an opportunity to be heard, comments should have been previously submitted in writing and a time limit on presentations may be imposed on any agenda item. Speakers should plan to summarize key points within 3 minutes. We would appreciate staff being notified prior to meetings of presentations planned for longer than 3 minutes, for scheduling purposes.
- E - Material presented to the Board, as part of testimony (e.g., photographs, slides, charts, diagrams, etc.) that is to be made part of the record must be left with Assistant Executive Officer Paul Jagger. Photographs or slides of large exhibits are acceptable.
- F - All Board files, exhibits, and agenda material pertaining to items on this agenda are hereby part of the record.
- G - Any person affected adversely by a certain decision of the California Regional Water Quality Control Board, Central Coast Region (Regional Board), may petition the State Water Resources Control Board (State Board) according to Water Code section 13320 and Title 23 California Code of Regulation section 2050. The Petition should be addressed to Office of Chief Counsel and must be filed within 30 days of the EO's or the Board's action or failure to act. The State Board must receive the petition within 30 days of the Regional Board's meeting at which the action was taken. Copies of the law and regulations applicable to filing petitions will be provided upon request.
- H - A copy of the procedures governing Regional Water Quality Control Board meetings may be found at Title 23, California Code of Regulations, Section 647 et seq., and is available upon request. Hearings before the Regional Board are not conducted pursuant to Government Code Section 11500 et seq.
- I - The facility is accessible to people with disabilities. Individuals who require special accommodations are requested to contact Paul Jagger (805/549-3502); or Jay Cano (805/549-3599) at least five working days prior to the meeting. TTY users may contact the California Relay Service at 1-800-735-2929 or voice line at 1-800-735-2922.
- J - All persons who actively support or oppose the adoption of waste discharge requirements or an NPDES permit pending before the Regional Board must submit a statement to the Board disclosing any contributions of \$100 or more to be used in a federal, state, or local election, made by the action supporter or opponent, or his or her agent within the last 12 months to any Regional Board Member.
- K - All permit applicants or persons who actively support or oppose adoption of a set of waste discharge requirements or an NPDES permit pending before the Regional Board, are prohibited from making a contribution of \$100 (or more) to any Board Member for three months following a Regional Board decision on the permit application.
